**Rosehill**

400 Churchill Ultra Stacking Chairs installed at Westhill Episcopal Church, Aberdeenshire

We are **Rosehill Furnishings**, the UK's leading supplier of loose contract furniture. You can expect to find a selection of traditional and contemporary products, crafted through quality and expertise. Rosehill have been supplying quality contract furniture for ecclesiastical and charitable organisations since our inception in 1982. We are dedicated to providing our customers with greater choice, quality and service at the best possible value.

## About Us

At Rosehill, we promise to assist you from design to after-sales. Our expert team understand the market and can tailor your order to suit your exact requirements. We have over 40 years' knowledge and experience in the industry, so you can feel at ease knowing that you're in safe hands. We take pride in our quality products which are built to last, and we can offer the best value for money. But, the great service doesn't just stop there, even years down the line, our aftercare team are on standby to offer a helping hand with any replacement orders or help you need. We value our loyal customers, and we look forward to building a long-lasting relationship. Rosehill are proud to have a long-standing history within the furniture industry. It's our unique history and our knowledge of the market which sets us apart from the rest. We're committed to quality, and our standards have continued to excel over the last 40 years.

Our roots derive from the UK's Salvation Army, and we have them to thank for our early success in the market when we were founded in 1982. Now, we supply furniture globally, and are proud to have a brilliant British heritage.

## Showroom & Try Before You Buy

Our office in Cheadle, Cheshire houses our purpose built Showroom. An experienced member of our Sales Team will be on hand to offer advice and answer any queries you have. We can also demonstrate the different features on our products. The best way to tell if a chair is the right model for you is to come and sit on a few different ones. If you would like to visit please **call in advance to make an appointment**. (This helps to avoid double bookings). We are open 9am to 4pm on Mon to Thurs and Friday 9:00am to 3:00pm.

We have examples here of most furniture items we offer. Certainly if it is church chairs you want to view our full selection is available. If you are looking for tables or a specific chair, please contact us in advance to avoid a wasted trip. Anything we don't have in stock we can get from the factory before your visit. If you can't make it to the showroom read about our samples and fabrics on page 39 or request references in your area.

## Delivery & Lead Times

Rosehill offer free delivery on orders over £950 before VAT to a UK mainland\* address. Furniture orders under that value are subject to a fixed £60 delivery charge. For loose fabric delivery is £30 per order, and for components £14.95. All charges are subject to VAT at the prevailing rate. On smaller orders you may be able to avoid a delivery charge by collecting from the Rosehill office in Cheshire.

\*Delivery surcharges may apply on specific products to certain areas of the country. We can quote for shipping to offshore (be it the UK or Ireland or further afield) or international customers when required. Please contact the sales team to check for any delivery costs to your location.

## Payment & Ordering

Rosehill are happy to accept orders in numerous ways. The quickest and easiest is to order online through the shop at [www.rosehill.co.uk](http://www.rosehill.co.uk) and go through the checkout. If you need to discuss your requirements or any advice on the products you can call our sales team. We can then email through detailed quotations with everything itemised. This can be helpful to take to meetings or for approval. A quotation can then be confirmed back by email, post or in person at our showroom.

If you are a Government run organisation Rosehill accept official purchase orders. If we

aren't already set up as a supplier on your system email the forms through to [sales@rosehill.co.uk](mailto:sales@rosehill.co.uk) and we will complete and return within 1 working day.

The fastest form of payment for your order to be processed is BACS (bank transfer). We will provide you with our bank details on your order confirmation. If you go through the online checkout there is the option to pay securely online. We can take card payments over the phone too. Alternatively we will accept cheques which should be made payable to Rosehill Furnishings Ltd.

Any discounts should be applied prior to confirming your order and will not be applied retrospectively. All pricing on the website should be up to date but changes are at the discretion of Rosehill management. All orders are subject to acceptance from Rosehill. Full Terms and Conditions available on request.

Churchill Deluxe  
See Page 6

The high-stacking option from the **Rosehill Churchill Range**. The stacking capability along with high levels of comfort makes this the first choice for modern church use.

- Stacking frame allows an impressive 8 chairs per stack
- Extra deep back pad for maximum comfort
- The optional Sliding Bookbox can be added for storage
- Armchair or linking available
- Mortise and Tenon joints
- W: 500mm D: 595mm H: 840mm  9.5kg
- **Optional Extras on page 34**

Solid Beech hardwood frame.

Large dished seat pad, shaped for comfort.

Curved stacking side rails provide extra structural strength.

The Churchill Ultra chairs will stack up to 8 high, or 10 high in storage.

The Sliding Bookbox (H200) can be fitted to this model without impeding the stackability.

300 Maxim Deluxe Stacking Chairs installed at Hillsborough Elim Church, Northern Ireland

# MAXIM DELUXE

Product Code A161

200 Maxim Deluxe Church Chairs installed at St Thomas' Church, Kidsgrove

Now established as one of our most popular chairs, the Maxim Deluxe provides elegance, comfort and practicality; the ultimate church chair for the modern era.

- 520mm wide providing luxurious comfort
- Stacks up to 7 high with safety
- Armchairs available
- Optional Solid Oak Frame (H205)
- Mortise and Tenon joints
- W: 520mm D: 630mm H: 825mm  9.5kg
- [Optional Extras on page 34](#)

Armchairs can be placed at the top of the stack.

Side rails provide additional strength and elegance.

The Solid Beech hardwood frame can be stained (H199) to match your existing furniture or environment.

Stacks a space-saving seven high due to the innovative design of the curved side rails.

The optional Keyhole Linking Device (H301) enables the Maxim Deluxe to form an arc.

Try before you buy

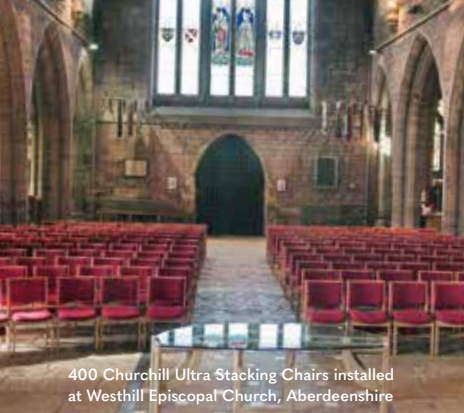

The Curved Bookbox (H209) compliments the lines of the Maxim Deluxe without impeding the stacking capabilities of the chair.

- The side rails provide excellent stackability
- Available in Solid Oak Frame (H205)

Shown in (H720) Flambled Sir Ivor

# URBAN LIGHTWEIGHT

Product Code B291

200 Urban L/W Stacking Chairs with square backs installed at Elmwood Church, Salford

180 Lightweight Stacking Chairs installed at St. Bede's College, Manchester

A lightweight model designed for flexible use in churches and community spaces. Very durable with great stackability, this chair is a practical choice with a modern appearance.

- *Lightweight skid base frame in a painted finish*
- *Optional extras include welded links to securely fasten the chairs in rows*
- *Arms available, which don't impede stacking*
- *Made to order in large selection of fire retardant fabrics and vinyl's*
- *The chairs can be made on request with a square back pad or in a narrower, compact version*
- *W: 515mm D: 550mm H: 845mm *

Durable, lightweight tubular steel frame, in a selection of EPC finishes including chrome silver, light grey, charcoal & black.

Generous seat and back pads which are fully upholstered in a wide range of fabric colours, including stain resistant options.

The Urban Trolley (H172) is designed to move and store 20-25 chairs. The chairs will also stack 10 high on the floor.

Optional Arms offer extra support, and don't impede the stacking capacity.

Upgrade to the larger square back pad, for increased comfort and a contemporary appearance.

# VESTA LIGHTWEIGHT

Product Code B290

A lightweight model which is perfect for modern worship spaces, church halls and meeting rooms. A flexible-use design, in a fully upholstered or wooden version.

- *Lightweight skid base frame in a painted or chrome finish*
- *Optional extras include welded links or loose plastic linking clips*
- *Medium hazard (Crib 5) upholstery included as one of the standard options*
- *The wooden version made with 6-layer beech plywood and ideal for spaces where upholstery isn't suitable*
- *Tested to and compliant with EN 16139, EN 1728 and EN 1022*
- *W: 515mm D: 550mm H: 845mm SH: 455mm *

Stylish chrome frame finish is the most popular finish on these chairs, with painted options also available.

Optional arms can be added to the Vesta models, to provide extra comfort and support. The arms don't impede the stacking.

The Vesta Wooden Lightweight Stacking Chair (B289) has a shaped plywood seat and back, which can be stained in a range of wood finishes or upgraded to one of our laminate options.

The chairs will stack up to 10 high on the floor.

## Wooden Finish Options:

The Urban or Vesta Lightweight Stacking Chairs can be stored up to 25 high on the Transport Trolley.

# MAESTRO STACKING

Product Code B292

# TOWER 60 STACKING

# V-CARE HYGIENIC STACKING CHAIRS

Product Code B341 & B342

V-Care Chairs & Armchairs installed at a breakout café area.

# OLIVIA STACKING CHAIR & ARMCHAIR

Product Code C485 & C486

Olivia Stacking Chairs with Seat Pads installed in a community hall

Created to foster user's comfort, the chair combines progressive design and hygienic qualities. The chair has a unique anti-bacterial PU surface with silver ions, which reduces the growth of bacteria. It is not only easy to clean, but also safe to disinfect. Particularly now, following the pandemic-dominated years, this is not only immensely important in terms of functionality, but psychologically speaking, also accommodates people's heightened hygiene awareness. Suitable for users up to 150kg and tested to EN1022, EN1728 and BS5852 Crib 5.

- Perfect for high-traffic areas with multiple users throughout the day
- Easy to clean antibacterial PU surface in four modern colours
- Available with or without arms and in different seat heights
- Designer chair from Kusch+Co that stacks 5 high, with or without arms
- W: 520mm D: 575mm H: 860mm SH: 460mm  - 4L Chair

[View the Finishes and Options Online](#)

The seats on the V-Care range are made of PU which absorbs body temperature, boosting the comfort. Additionally, the unique structure of the surface prevents users from slipping down from the seat.

The cut-out in the backrest makes it easier to grasp and move the chair

Stacks 5 high, with or without arms.

Reinforced armrests even enable the chair to be lifted and moved while somebody's sitting in it.

The frames do not protrude past the edge of the seat, to reduce the risk of tripping on the legs.

\*\* Seat Colours:

\*\* Frame Finishes:

\*The 4L models have the option of a 510mm or 560mm SH.  
\*\* The arms (when applicable) will be in the same colour as the seat.  
To have a contrast colour, please contact the office.

This fully stackable chair has been designed for use in rows in halls, lecture theatres and conference rooms, whose needs in terms of layout and organisation change with each new event. Stacking guide glides allow the chairs to be quickly, simply and safely stacked without scratching the frames, or marking the upholstered seats.

- Chair and armchair safely stack 12 high
- Choice of 4 modern colours and the option to add a seat pad
- Extremely sturdy, steel elliptical tube frame
- Single seating shell, ergonomically designed to fit the user's back for lasting comfort

• W: 540mm D: 525mm H: 820mm SH: 440mm 

[View the Finishes and Options Online](#)

The Olivia Stacking Chair & Armchair is a versatile range of elegant, sturdy yet comfortable seating.

With the A shaped frame, this allows the chairs to stack vertically up to 12 high.

For additional comfort you can add on an upholstered seat pad in a huge choice of fabric options.

Options on the chairs include adding cast aluminium armchairs in white or graphite, a folding anti-panic tablet arm and upgrading to the task swivel base.

Available in 4 colours:

# HATTON & KLIA CHAIRS

Product Code C346 & C350/1

# CAFÉ TABLES & CHAIRS

For community and café use within your church, the Hatton and Klia chairs are available. Each come in a mixture of modern colours and are easy to clean and maintain. These lightweight, stackable chairs are both stylish and robust.

- Multi-use fibreglass reinforced one-piece poly chairs
- Easy to stack and can be moved on trolleys
- Suitable for indoor or outdoor use
- Modern designs available in a choice of colours

Made in the UK

The Hatton Stacking Chair (C346) is made in the UK from 100% recyclable, one piece injection moulded polypropylene and glass fibre blend, which is UV resistant for indoor or outdoor use.

A lightweight multi-purpose chair, which is shaped for comfort.

Hatton Colour Range\*:

The Klia Stacking Chair (C350) and Armchair (C351) are versatile, dynamic and practical.

Stacks 8 high on the floor, or up to 16 on a Hatton Transport Trolley (H187).

Stackable 10-12 high and can be moved on the Klia Transport Trolley (H175).

These fibreglass-reinforced polypropylene chairs are manufactured in Italy.

Klia Colour Range:

Available in 9 modern colours, with UV protection for use inside or outside.

\*Colours being updated Autumn 2023. Please check [www.rosehill.co.uk](http://www.rosehill.co.uk) for available options.

Rosehill offer an extensive range of tables and chairs for café, dining & breakout areas. Here is a selection of our most popular tables and chairs. All are high quality, durable and easy to clean.

- Refresh your café or meeting area with modern café chairs & tables
- Easy to clean plastic stackable café chairs
- Hygienic table tops in a large choice of finishes
- Quick delivery available on stock items

The Danilo Pedestal Tables have a stylish brushed steel base, in square or circular to match the shape of top you choose.

The Tuff Tops are 25mm thick and come in 8 standard colours, stocked in the most popular round, square and rectangular sizes.

Made in the UK

Outdoor powder-coated steel legs and soft touch stacking risers, allowing the table to stack efficiently.

Super durable, making them well-suited to both indoor and outdoor usage.

In-Out Stacking Tables have a compact grade laminate top, available in black or white.

Foldable flip-top and nesting capability, make it both space-saving and efficient for storage.

Our Strata Stacking Chair (C348) comes in 13 standard finishes, is anti-static and has a light resistant pigment.

Lightweight, yet durable and can be stacked 6-8 high.

The Madrid Tilt-Top Pedestal Table is shown with a 12mm HPL top, which is stain resistant and weatherproof, suitable for indoor or outdoor use.
